

Classic Example of Anti worker Attitude of Com. Abhimanhu:

BSNLEU is becoming “ More loyal than the king” union. Com Abhimanhu has written a letter on 26/12/2010 in which he demanded the abolition of the facility of encashment of 10 days EL on LTC. The following is the relevant portion of his letter dated 26/12/2010.

“..... another classic example for the irresponsible way in which the corporate management spends money lavishly is the encashment of 10 days of EL on LTC. BSNLEU or No other union has made the demand for this. Then how the order was issued?.....”.

Either Com. Abhimanyu is ignorant or brazenly anti worker to write such a letter opposing a facility extended to the employees. As we all know the leave encashment facility on LTC was already granted to central government employees and the order extending the same facility to our employees. Opposing such a thing Com. Abhimanhu is once again proving that is a different type of trade union leader. During th second wage revision even though the Govt of India’s order for merging 78.2% IDA was there the leaders of BSNLEU accepted lower percentage of IDA merger(68.8%) and causing loss every month to our employees to the tune of Rs 1000/- to Rs 2000/-. BSNLEU wants to play the same dirty game on leave encashment facility also.

It is pertinent to mention here the silence of BSNLEU leadership when the former CMD Kuldeep goyal handed over the work of leave encashment of 300 days EL on retirement to LIC for a sum of Rs 4853 crore just prior to his retirement. To get personnel benefits on the eve of his retirement the said officer clinched this deal with LIC without any justification. But why BSNLEU leaders did not oppose this?. Whether they also benefited by this deal? Instead of opposing the facility granted to the employees let the BSNLEU leadership fight against the wasteful expenditure and corruption in the top management of BSNL.
