

BLACK "FRIDAY"?

Jesus Christ was killed on a Friday and hence it was called good Friday because the Christ came alive on Sunday . But the future of 2.5 Lakh BSNL employees will be sealed for the next ten years on 15/01/2010(Friday) by both the management and recognized union through signing of 2nd wage agreement on that day. Hence in the history of the BSNL employees the Friday 15/01/2010 will be marked as "BLACK FRIDAY".

For many of our employees this may be the last wage revision before their retirement. Hence they had high expectation on 2nd wage revision to enhance their retirement benefit and pension throughout their life. But all their dreams were shattered now due to the complete surrender of BSNLEU to the management. The management which knew the incapacity of Com .Namboodri now dictates everything.

1.The wage agreement in BSNL is for 10 years period and where as in various PSU's it is 5 Years wage agreement.

2. When other PSU's merge 78.2% IDA before wage revisison here in BSNL it is only 68.8% IDA merger. By this our employees will lose thousands of rupees every month.

3. For executive the pay hike begins at 1.91 times and ends with 2.50 times.But for our employees it is 1.91 times only all through.

4. The abolition of uniforms and uniform allowance will be announced later as the recognized union and management have already hatched a conspiracy.

5. City Compensatory allowance will be abolished and because of this the employees working in cities will lose Rs 300 every month.
