

Postponement of Verification or Postponement of Defeat?

BSNLEU is no more a recognised union in BSNL. The management has already issued instructions to all the CGMS to withdraw the recognised status of that union from 20.12.2008. Shocked by this, BSNLEU leadership is desperately trying to get the recognition for it extended by a few months and that the fourth membership verification is postponed through some vested interests. Further Com.Namboodiri is very much upset and furious on receiving disturbing news from almost all circles about the severe dissatisfaction against BSNLEU among the employees on account of the worst promotional agreement and failure to get either interim relief or wage revision. Many BSNLEU members sensing the sure defeat of that union started migrating to NFTE BSNL in many circles during the last 10 days. To stop this exodus BSNLEU has already approached the management to postpone the check off system also.

Day by day the prospects of BSNLEU in the ensuing Fourth membership verification is diminishing and even in its strongholds like Kerala and West Bengal, it faces a bleak future. That is why Com.Namboodiri, who did not pay much attention to Kerala during the past verifications, is now concentrating on his home circle to avoid loss of face.
