

## **Atlast the CBI acted in 323 illegal ISDN phone connections fraud!**

Due to our continuous effort the CBI has registered FIR and charge sheeted 42 persons including 2 CGM's and several General managers working and retired. Already 3 officers have been summoned to CBI head quarters in Chennai and they have vomited every thing according to reliable sources. NFTE-BSNL in Chennai telephones was in the forefront for years together to expose the illegal 323 ISDN Phone connections provided at the residence of former telecom minister Mr Dayanidhimaran for misuse of SUN Network companies owned by Mr Kalanidhimaran elder brother of Dayanidhimaran. By this fraud alone Chennai telephones had lost several hundred crores of rupees. We also now come to know similar misuse of BSNL phone connections and OFC cables by maran brothers for Dinakaran(Tamil daily news paper)at Madurai and their form house near palavakkam in the suburb of Chennai city. Even though it is very delay action by the CBI we hope all the culprits and blacksheeps in BSNL will be punished and revenue loss suffered by BSNL is adequately reimbursed by SUN Network groups.
