

At the age of 80 R.K.Kholi formed a New Union..?!.

BSNLEU managed to pick up few leaders from our union including R.K.Kholi. A New union was formed by those comrades with the help of Com Abhimanu to serve the purpose of BSNLEU. Afraid of sure defeat in the 6th Membership verification due to Non Performance, the present recognized union is resorting to break and disrupt other union. Their prime target is naturally NFTE-BSNL.

R..K.Kholi is 80 years old retired 25 years ago from P&T department. He was not keeping good health and could not perform his duty effectively and hence he was not considered for important post in NFTE-BSNL at the Patna All India conference. Since then he was not happy and hobnobbed with Com. Namboodri & Abhimanu to disrupt NFTE-BSNL. But fortunately NFTE Leaders/ Members refused to follow him in his disruptive path because his credibility and integrity is very very low. He was the treasurer of EIII union till it was merged with NFTE-BSNL. But till this date he has not handed over the account of the EIII union to the federation despite so many reminders. To escape from handing over the money and account of EIII union he gone out of NFTE-BSNL and embraced Com Abhimanu. BSNLEU leaders used to call R.K.KHOLI as “ JOKER” in the past now they are praising him as a prominent trade union leader. Our employees will see through the game plan of disrupters & the BSNLEU.
