

Only United strike will Win:

NFTE(BSNL)& FNTO and Rastriya union along with other partners in the BSNLWA have already decided not to join the two day strike announced by Com. Namboodri unilaterally without consulting the Workers Alliance. The so called strike is for curtailing the trade union rights of NFTE(BSNL) and its alliance partners. Even though NFTE(BSNL) from the beginning advocated for a joint struggle for the 2nd wage revision, BSNLEU has shown no interest in building the larger unity of employees and unions. The recognized union having failed to negotiate a reasonable wage revision to all the employees during the last years not realized till today for a united struggle like in Banks & Coal industry. Despite the executives got a very good wage revision long ago, Com. Namboodri wasted precious time indulging in false propaganda against NFTE(BSNL) & FNTO.

But now under pressure from its own membership Com. Namboodri half heartedly wrote a letter to NFTE(BSNL) to join the proposed two days strike . However NFTE(BSNL) replied to him that without any prior consultation and consensus over demands joining the proposed strike is impossible. But as usual Com. Namboodri started abusing the leaders of Workers Alliance. BSNLEU could not win any struggle without the support and involvement of NFTE(BSNL)& FNTO. This fact is realized by every employee including those who are members of BSNLEU. Hence, the proposed strike by BSNLEU bound to be a failure. Only this defeat will bring Com.Namboodri to senses. We hope at least after this defeat BSNLEU will strive for a united struggle along with NFTE(BSNL) & FNTO to get a successful wage revision for 2.3 Lakh employees.
